# David Clavijo

Web Developer

Detail oriented developer with strong technical skill and ability to learn concepts quickly. Focused on applying my IT knowledge and front-end/database skillset.

## **WORK EXPERIENCE**

# **Software Engineer**

## ThirdEve Gen

Develops AR/VR Glasses

Achievements/Tasks

- Recreate Wordpress site to utilize less plugins, dynamically render images, and increase average time on page with Gatsby.js.
- Maintain web content to best align with the company's current events and promotions. Allowed for quicker turn around times on content changes.
- Create feature canvasses to help manage expectations and turnaround times for objectives. Used Trello to demonstrate real-time progress and organize teamwork.

# **IT Analyst**

## **Burlington Coat Factory**

Achievements/Tasks

- Recreate the IT Portal page using HTML, JavaScript, and CSS. The page used daily by over 600+ stores and thousands of employees throughout the US and Puerto Rico. Working closely with many departments to optimize site loading times by 60%.
- Run SQL queries to analyze and troubleshoot hardware/software errors reported by the POS(point of sale) devices, then use the information to accurately troubleshoot remotely with, or without store staff.
- Responsible for medium-level administrative and technical support functions for store technology and 3rd party software used by internal staff.
- Maintain, review, and approve knowledge base documentation.
- Use Cisco Network knowledge to find, understand and troubleshoot switch/server and Cradlepoint based infrastructures. Collaborate with IBM, Acuative NOC, and Centurylink to best address any emergency.

# **PERSONAL PROJECTS**

#### **Ouiet Game for Children**

https://noise-controller.netlify.com/login - Made for teachers and parents

### **Discord Clone**

https://discord-clone-with-socket.herokuapp.com/ - Messaging app with Socket.io

# **EDUCATION**

# Full Stack Web / Computer Science Lambda School

Bachelor of Arts: Radio, TV, and Film Rowan University

## **ACHIEVEMENTS**

## Created Intranet Page for a Fortune 500 Company

Grew from a general IT associate, to recreating the IT portal used by the entire company.
